

## PÚ\_REE Conditioning Shampoo with Organic Argan & Neroli Oil

PÚ\_REE™ for wigs & weaves All Natural Conditioning Shampoo is specially made for hair extensions and dry hair. Organic Tea Tree Oil gently cleans and removes dead skin cells off your scalp and promotes healthy hair growth, while our unique CuticlePreserv™ Formula and hydrolyzed Quinoa rejuvenate and protect hair cuticles - improving elasticity and natural shine. Argan Oil moisturizes and nourishes while Neroli Oil tames frizz hair leaving it incredibly soft, silky and tangle free.

When used regularly it will strengthen and protect the hair - increasing the life of your hair extensions.

## PÚ\_REE Renewing Masque with Organic Argan & Neroli Oils

PÚ\_REE™ for wigs & weaves All Natural Renewing Masque is specially formulated for hair extensions and coloured hair. Our unique rich blend of essential oils and nourishing ingredients will restore natural hair properties.

With our unique CuticlePreserv™ Formula your hair will be rejuvenated, strengthened and protected against heat and UV rays. Shea Butter and Avocado Oil deeply moisturize and smoothe the cuticle layer - adding brilliant glow and shine.

### What makes our product so different and special?

**PÚ\_REE for Wigs & Weaves provides superior care on 3 levels for customized results:**

- 1 Extensions** - Unique **CuticlePreserv™** Formula will strengthen cortex and cuticles while restoring natural shine and maximising protection for longer lasting naturally beautiful hair extensions.
- 2 Natural hair** - A precious blend of Organic oils promotes the growth of strong hair by repairing and strengthening your natural hair, putting it at rest under your extensions - preserving fuller healthier hair.
- 3 The scalp** - Removes dead skin while relieving dryness and tightness with our natural healing and soothing ingredients for healthy moisturized scalp to prevent itchiness and dandruff.

### Our super natural ingredients!

\*Organic Argan Oil - its unique structure penetrates into the hair pores, enhancing elasticity and smoothness of your extensions while thickening and promoting growth of your own natural hair.

\*Sweet Almond Oil - it nourishes and smoothes the hair cuticles, delivering high intensity shine for your hair extensions.

\*Organic Neroli Oil - its rich Anti-oxidant and healing properties encourage healthy cell growth to boost and revitalize dull looking hair while treating scalp irritation and discomfort caused by tight tracks, extension bonds and wig adhesives.

\*Organic Tee Tree Oil - increases blood flow of scalp and helps unclog hair follicles. Anti-fungal and anti-bacterial properties keep your scalp free of infections, to prevent the dry and itchy scalp which causes hair loss and dandruff.

\*Avocado Oil - saturated and monounsaturated fats in Avocado Oil nourish and strengthen the hair fibre to retain hair moisture inside the shaft.

\*Shea Butter - dubbed mother nature's conditioner. It locks in moisture from the roots on down to the ends without leaving your hair greasy and heavy.

\*Cashmere Keratin and Quinoa - These Strand-Building Proteins pass through the cuticle into the hair's cortex to equalize porosity while feeding your hair extensions and reducing breakage to your natural hair.
